Re: PM 1330 and PM 1335
Electrically Heated Smoking Devices and/or Inhalers

Dear Charlie:

Enclosed for review is a background reference ordered by Fran Utsch from a search on electrical resistor heating elements assigned to Norton Company.

It appears to be generally related to PM 1330 and 1335, but possibly should be looked at for relevance to other BETA cases.

Very truly yours,

Beverly 1st
